Statistics of Staff employed Under the Government of West Bengal (As on 31st March, 1971)

This is the 24th Annual Report on statistics of staff employed under the Government of West Bengal. The report presents the employment position as on 31st March, 1971.

2. As in previous years, schedules were sent out this year also through mail. Information about sex, tenure of service, category, pay, emoluments etc. of employees were collected. Response was on the whole satisfactory. Out of a total number of 2372 Government offices contacted for Staff Statements, 8 offices did not submit return at all and 6 furnished information only in respect of part of their establishment and that too after repeated reminders from this end. The data presented in the report, therefore, represent statistics of staff of 2364 (2358 in full & 6 in part) or about 99.7 p.c. of the State Government offices. A list of defaulting offices is given in Appendix—A.

3. A report of this nature is not of much use if it is not based on complete coverage of offices. Efforts were, therefore made to secure returns not only through a series of routine correspondences, but also by personal contact and through correspondences at higher levels.

4. Concepts and definitions remained practically the same as in previous years. Persons on leave and under suspension on 31st March of the reference year were taken to be as employed and as such the number of staff shown under a particular category may not always represent the total number of posts actually sanctioned.

5. The total number of staff in the State Government offices submitting the returns was found to be 285208 at the end of March, 1971. Taking the staff of 14 defaulting offices to be the same as that in last year, the total staff strength in 1971 stood at 2,87,524 as against 2,83,892 (including staff of 40 defaulting offices of the year) in 1970. The table set out below gives the distribution of staff employed under the Govt. of West Bengal in 1971 according to category and tenure of Service.

Table 0.0—Total number of persons employed under Government as on 31st March, 1971 (by category and tenure of Service)

						Number

Others	52	1709	10282	11991	15295	27286	28438

6. The term "Others" in column (1) of the table 0.0 refers to the staff employed on part-time, piece rate, contingent, work-charged, Honorary and contract basis. Out of the total staff, about 48 percent were reported to be permanent, nearly 20 percent Quasi-permanent, about 22 percent temporary and the rest were employed otherwise.

Looking into the break-up, however, it would be found that 8127 out of total gazetted staff of 11159 about 73 percent were permanent, amongst the non-gazetted superior clerical staff 23,059 out of 46,854 employees, about 49 percent were permanent and amongst the non-gazetted non-clerical superior staff 78,986 out of 1,35,626 employees about 58 percent were permanent. Amongst the non-gazetted inferior staff 27,544 out of 91,569 employees or about 30 percent were permanent. It may be noticed that out of a total staff of 2,85,208 about 4 percent were gazetted, nearly 16 percent non-gazetted superior clerical, about 48 percent non-gazetted superior non-clerical and the rest 32 percent were inferior staff.

7 Table 0.1 shows the proportions of staff having permanent tenure amongst the different categories of State Government employees during the last five years.

It may be seen from Column (5) of table 0.3 that 5.95 percent of the employees received emoluments of Re. 1/- to Rs. 75/- per month ; 0.27 percent received Rs. 76/- to Rs. 100/- per month ; 4.14 percent received Rs. 101/- to Rs. 150/- per month and so on. Columns (6) & (7) of the table show respectively cumulative totals and cumulative percentages of employees who received emoluments at a level equal to and higher than various levels or groups shown in column (1). Thus a total of 114855 or 40.27 percent employees received emoluments of Rs. 251/- and above, 76832 or 26.94 percent received Rs. 301/- and above, 36730 or 12.88 percent received Rs. 401/- and above, 17394 or 6.10 percent received Rs. 501/- and above and so on.

11. A comparison of tables 0.2 and 0.3 shows the effect of allowances on basic pay received by Government employees. For facility of comparison the relevant columns of the two tables are shown side by side in table 0.4 below :—

12. It will be seen from table 0.4 that without allowances, 255891 employees out of a total of 285208 or 89.72 percent would have received Rs. 76 or more per month, whereas, this number as result of receiving allowances, etc. rose upto 268238 or 94.05 percent of the total. Similarly, while 244780 or only 85.82 percent would have received Rs. 101 and above without allowances, the number was 267471 or 93.78 percent of the total on the basis of total emoluments including allowances.

Similar was the position in respect of other groups also.

13. Pay and allowances received by the employees in different pay brackets for the month of March, 1971 are shown in table 0.5.

14. Leaving out the first group, i.e. part time, piece rate, contingent, Honorary and work charged employees without any basic pay ; the per capita emolument of the State Govt. employees comes out to be Rs. 271 per month. With the inclusion of this group of employees, the per capita emolument per month comes to Rs. 259.

It may be mentioned that at the average rate of per capita monthly emolument of Rs. 259 the total emolument of the employees of the defaulting offices comes to about Rs. 599844 and the monthly emolument of the estimated staff of 287524 to Rs. 74429188 or about Rs. 7.44 crores.

15. The distribution of Government employees according to sex and district of posting is given in table 0.6.

* Including State Government employees of 24-Parganas District whose places of work were within Calcutta Corporation area.

16. It may be seen from the table 0.6 that there are 19906 females in West Bengal Government service as against 265302 males in the year under review, the percentage being 7.0. The corresponding percentage in the preceding year was 7.3.

Amongst the districts, Darjeeling had the highest percentage of female employees (inclusive of contingent and workcharged labours) and Bankura the lowest. In Calcutta the percentage was 8.0. It may be noticed from column (6) that 30.0 percent of the total employees of both sexes were posted in Calcutta and 8.3 percent in 24-Parganas. Thus about 38.3 percent of the total employees were concentrated in the area comprising these two districts.

17. Table 0.7 gives the number of State Government employees and population (according to census, 1971) per sq. Kilometre in different districts of the State.

The density of State Government employees per square Kilometre in West Bengal as a whole was only 3 whereas the density of population was 504 persons per sq. km according to the population census of 1971.

The highest concentration of Government employees was found obviously in Calcutta, the figure being 822 per sq.km. In area outside Calcutta the number of Government employees per sq.km. varies from 1 to 8.

18. Number of persons appointed for the first time during the year under review was found to be 9111 or about 3.19 percent of the total staff as against 3.79 percent during the previous year. It may be mentioned that information as to whether a person was appointed for the first time during the year or not, was not received in respect of 9388 employees during the year under review.

19. The present report relates to the position as on 31st March, 1971. The revised scale of pay was given effect from 1.4.70 and here the information represented in the report relates to revised scales of pay though about 18 percent of total employees gave their option to remain in the old scales. There was no provision for dearness allowance for the staff who opted for the revised scale, but the dearness allowances shown in this report were received by the staff who opted for the old scales.

20. List of Departments (Secretariat) and offices (other than Secretariat) by departments under the Government of West Bengal are given in Appendix B and C respectively.
